## EXPERIENCE

---

### Fogarty Finger

*Architect | New York, NY | September 2025 – Present*

- Develop architectural design packages from concept to construction documentation and supervise projects in Construction Administration (SD → DD → CD → CA) for commercial and workplace projects.
- Contribute to the design and execution of large-scale commercial projects in New York.

### Da-Dá Design Studio

*Founder | New York, NY | September 2021 – Present*

- Lead design projects from concept through execution, across architecture and industrial design.
- Prototype and produce custom pieces, working directly with materials such as wood, stone, and metal.

### Pratt Institute, Design Dean's Office

*Exhibition Assistant | New York, NY | February 2024 – May 2025*

- Designed and produced exhibitions, including Fab Lab Pop-Up, Rwanda x Pratt, and Mirror Installation (Foundation Lab Nest Collection).

### Sparks, a Freeman Company

*3D Designer (Graduate Internship) | New York, NY | June 2024 – August 2024*

- Developed concepts, 3D designs, and proposals for high-profile exhibition projects.

### IRW Studio

*Art Designer and Studio Supervisor | Lima, Peru | July 2019 – August 2021*

- Co-designed sculptural works and coordinated international exhibitions with galleries and museums.
- Directed production of 50+ pieces and led export logistics and competition proposals, including The High Line Plinth (NYC).

### Mas Uno Studio

*Architect | Lima, Peru | November 2017 – June 2019*

- Developed architectural concepts, drawings, and documentation for residential and retail projects.
- Led competition entries and coordinated with clients, contractors, and suppliers.
